Tushar Kulkarni – CEO & Founder of Big Kitty Labs

Email: tushar@bigkittylabs.com

Phone: 614-329-6950

Speaker Tushar Kulkarni wanted to share some of the tools he mentioned in his session. He would also like to encourage anyone interested in connecting further to reach out using the contact information listed above.

1. **ChatGPT** (https://chat.openai.com/chat)

   This is a conversational AI that helps answer questions, brainstorm ideas, and assist with various tasks using natural language.

2. **NotebookLM** (https://notebooklm.google.com/)

   An AI-powered research assistant that organizes and summarizes your notes for quick insights.

3. **Presentations.AI** (https://www.presentations.ai/)

   A smart tool that helps create visually stunning presentations effortlessly using AI.

4. **Suno** (https://suno.com/)

   An AI platform for creating immersive audio experiences, including music and soundscapes.

5. **Otter.AI** (https://otter.ai/)

   A transcription tool that converts speech to text for meetings, interviews, and more, making conversations searchable and shareable.

6. **Midjourbey** (https://www.midjourney.com/explore?tab=top)

   An AI-powered tool that transforms text prompts into stunning, imaginative digital artwork. It empowers users to explore and create visual ideas effortlessly through advanced generative AI techniques.
